The Wiese Company Wins Guild Quality's 2011 Guildmaster Award with Distinction

May 13, 2011 --- Sherborn, MA -- The Wiese Company, a leading Design Build Firm headquartered in Sherborn, MA, announced today that the company was awarded a 2011 Guildmaster Award with Distinction for exceptional customer satisfaction. This year over 18,000 applications from similar companies across the country were reviewed to acknowledge those companies that have provided superior customer service. Not only has The Wiese Company received the Guild Quality Award but has also achieved this award with distinction, which acknowledges them for providing a level of customer service in the top 1% of the nation. The Wiese Company was one of only 150 companies throughout all of North America recognized for their superlative performance.

“We are honored to receive this award again this year”, says Ray Wiese, Founder & Chief Designer of The Wiese Company. “Our staff works together as a team from the beginning of design to the completion of construction to ensure each client receives the attention to detail their project deserves. We are proud of the work we have delivered this past year and look forward to continuing to work with such wonderful clients that make it easy for us to be successful.”

About GuildQuality

Once a year, GuildQuality bestows upon a handful of its members an award for exemplary quality and customer service. Award winners differ in their types of work and their price ranges, but all have a lengthy track record of exceptional customer feedback. North America’s best builders, remodelers, contractors and real estate developers rely on GuildQuality’s customer satisfaction surveying to help them monitor and improve the quality of their service.
